AUSTRALIAN NOTICES TO MARINERS

Notices 923 - 964

Published fortnightly by the Australian Hydrographic Office

Australian Notices to Mariners are the authority for correcting charts and publications published by the Australian Hydrographic Office covering Australia, Papua New Guinea, Solomon Islands, Australian Antarctic Territory and Timor-Leste.

Commodore S.T. DUNNE RAN
Hydrographer of Australia

SECTIONS.

- I. **Australian Notices to Mariners, including blocks and notes.**
- II. **Hydrographic Reports.**

SUPPLEMENTS.

- I. **Tracings**
 - II. **Cumulative List of Australian Notices to Mariners.**
 - III. **Cumulative List of Temporary and Preliminary Australian Notices to Mariners.**
 - IV. **Temporary and Preliminary Notices in force.**

IMPORTANT NOTICE

This edition of Notices to Mariners includes all significant information affecting AHO products which the AHO has become aware of since the last edition. All reasonable efforts have been made to ensure the accuracy and completeness of the information, including third party information, on which these updates are based. The AHO regards third parties from which it receives information as reliable, however the AHO cannot verify all such information and errors may therefore exist. The AHO does not accept liability for errors in third party information.

GENERAL INSTRUCTIONS

The substance of these notices should be inserted on the charts affected.

Bearings are referred to the true compass and are reckoned clockwise from North; those relating to lights are given as seen by an observer from seaward.

Positions quoted in notices relate to WGS84 which is the horizontal datum for all charts produced by the Australian Hydrographic Office.

The range quoted for a light is its nominal range.

Depths are with reference to the chart datum of each chart. Heights are above mean high water springs or mean higher high water, as appropriate.

The capital letter (P) or (T) after the number of any notice denotes a preliminary or temporary notice respectively, which are contained separately at the end of the permanent notices.

REPORTING OF DANGERS

Mariners are particularly requested to notify the AUSTRALIAN HYDROGRAPHIC OFFICE, Locked Bag 8801 Wollongong, NSW 2500 (Fax 02-4223 6599, e-mail datacentre@hydro.gov.au or, alternatively by filling in and submitting the [Hydrographic Notes](#) forms located on the web site – www.hydro.gov.au), immediately on the discovery of new dangers or suspected dangers to navigation. For changes or defects in aids to navigation notify AusSAR (Fax 02-6230 6868 or email rccaus@amsa.gov.au).

AUTHORISED USE

Copies of Australian notices are available free of charge from the Australian Hydrographic Office (AHO) website (www.hydro.gov.au) and through the eNotices (email) service (www.hydro.gov.au/enotices/enotices.htm).

Individual Notices may be copied for the purpose of inserting Notice substance on official charts and publications. Paper copies may be printed by chart agents and distributed to customers on a cost recovery basis. Participating chart agents are listed on the AHO website as providing a 'Paper Notices to Mariners' service (www.hydro.gov.au/webapps/jsp/agents/agents-list.jsp). Copies of the notices may not be sold for profit without prior written agreement.

Chart permanently withdrawn

Charts listed above as withdrawn no longer meet chart carriage requirements and should be marked as "superseded" and replaced with the new chart/ new edition listed prior to passage through the area covered by the new chart.

When placing orders with a chart agent between notice of forthcoming edition and its publication, mariners should advise whether their order pertains to the current edition or the new edition.

For further details refer to the AHO website at www.hydro.gov.au for new edition and new chart stock arrival information.

961(T)/2021 AUSTRALIA - WESTERN AUSTRALIA - Rottnest Island - Military exercise

Department of Defence

The Western Australia Exercise Area (WAXA) will be activated 25 October to 5 November 2021 for a Military Exercise.

This Exercise is to practice coordinated submarine search and rescue operations.

As part of the Exercise, participating submarines will be positioned on the seabed in the area bounded by the following positions:

32° 06'.6 S 115° 14'.8 E
 32° 06'.6 S 115° 16'.2 E
 32° 09'.2 S 115° 16'.2 E
 32° 09'.8 S 115° 16'.0 E
 32° 09'.8 S 115° 14'.8 E.

Australian military and civilian surface vessels participating in the Exercise will also be operating in this area.

Vessels are advised to avoid these areas during the Exercise.

Vessels that navigate near these areas during the Exercise must do so with additional caution, due to increased Exercise-related vessel traffic and are advised to monitor VHF Ch 16 and ensure their Automatic Identification System (AIS) is operating.

Vessels in these areas may be requested to alter course to facilitate Exercise operations.

Further, surface vessels will also be conducting operations with submarine rescue vehicles and remotely operated vehicles in the vicinity of the following positions:

31° 45'.0 S 115° 12'.0 E,
 31° 47'.0 S 115° 00'.0 E,
 32° 04'.0 S 115° 12'.0E.

Vessels navigating near these positions are requested not to approach with 2M so as not to interfere with underwater operations.

Maritime industry enquiries related to this Exercise should be directed to RAN Maritime Trade Operations via phone +61 (0) 431764980 or email MTO.OPSO@defence.gov.au.

963(T)/2021 AUSTRALIA - VICTORIA - Port Phillip - South Channel - Shoaling; virtual AIS

Ports Victoria Notice 298(T)/2021

Shoaling exists in the South Channel and is marked by a special virtual AIS as follows:

<i>Position</i>	<i>Remarks</i>
38° 18'.12 S 144° 44'.35 E	TB6
38° 18'.22 S 144° 44'.35 E	TB7.

Vessels with draught greater than 13.8m are advised to pass clear of TB6 and TB7.

Mariners are advised to navigate with caution in the area.

Chart temporarily affected - Aus 143 - Aus 144

964(T)/2021 AUSTRALIA - TASMANIA - Devonport - Barge
Marine and Safety Tasmania Notice 288(T)/2021

A jack-up barge exists in position 41° 11'.17 S 146° 21'.97 E.

The four corners of the barge are marked by flashing yellow lights.

Mariners are advised to navigate with caution in the area.

Chart temporarily affected - Aus 164
